Information about your departure and check-out

Even though exact departure times may be agreed the day before you depart, in accordance with the rent contract the holiday apartment is to be cleared before 09.00 a.m. If possible, we are pleased to take you to the parking or post bus station by our electrical car.

Handing over the apartment will take about 5-10 minutes. We expect our lodgers to take the respective time. The landlord may decide to abstain from the apartment's formal handover. However, by doing so the landlord shall not automatically waive possible claims for damages.

Even if final cleaning has been agreed, the holiday apartment is to be handed over "clean-swept". That means:

- the lodger will leave the holiday apartment in a clean and orderly state.
- the apartment floor is swept.
- dishes are to be cleaned and stored in the cupboards as found at your arrival.
- Please ensure to dispose of any waste as specified in our info-sheet entitled "recycling". Please place your residual waste in proper bags liable to charge at the trash dump down the street.
Respective bags are available from the landlord or to buy in any grocery store (CHF 2.10/bag).
- please ensure to strip off the bedclothes and heap them up with tea and bath towels.

Possible damage is to be reported to the landlord. Compensation is not due in kind but in cash at departure. Please leave the keys for your holiday apartment hanging at the wardrobe.

If you have any further questions, please don't hesitate to contact us at any time.
